

Col. A. C. Sharpe Leaves For His New Ohio Station

Col. Alfred C. Sharpe, commanding the 23rd Infantry and Fort Bliss, departed today for Columbus, O., his future station. The colonel found it impossible to remain until tonight to attend the dinner arranged by the business men of El Paso in honor of himself and Col. E. Z. Steever, as it was necessary for him to hurry east to take up his work of reorganizing the militia of the state of Ohio. He was assigned to this task on the personal request of governor Harmon. Col. Sharpe is a native of Ohio and an army officer with a record unsurpassed. His departure is greatly regretted by his friends in El Paso.

AGREEMENT SIGNED BY RAILROADS WITH CITY TO BUILD THE VIADUCT

Work to Begin in 30 Days.
May Be Finished in 90 Days.

Monday afternoon representatives of the El Paso & Southwestern, the Galveston, Harrisburg & San Antonio, the Atchafalaya, Topoka & Santa Fe Railroad companies, and the El Paso Electric Railway company entered into an agreement with the city to build the viaduct on the county road at old Fort Bliss.

The G. H. Railroad company will build the roadway which is to cost approximately \$70,000 and the greatest part of which expense is to be borne by the railroad companies and the street railway company, the city to pay but a small part of the cost.

The viaduct is to extend from Viaduct street on down to the county road over the right-of-way at present used by the electric railway for its smelter car line.

The whole roadway is to be built on a 5 percent grade, eliminating three percent of the grade now existing on the western end. It will be 37 feet wide and 641 feet long and the three trestles over the railroad tracks will be built of reinforced concrete. Bituminous paving is to be used over the whole roadway both on the trestles and the roadways in between.

Work is to start within 30 days and it is expected at the present time that it will be completed within 90 days from the start of the work.

Another municipal improvement that is fast approaching is a stage of semi-completeness is the garbage disposal plant. The filter beds have already been completed and the foundation of the smelterstack has commenced. This smelterstack is to be 125 feet high and will probably be built of brick.

Cotton Avenue Grading. Grading on Cotton avenue has been completed as far as the intersection of Highland Park and will be completed through that section of the city in a short time.

A concrete fence eight feet high has been completed around the reservoir on the mesa north of town, the purpose of which is to keep contamination from entering into the basin where the water is stored.

Dismiss Cases and Kluge Is Released

Kidnaping and Pistol Carrying Charges Are Not Sustained.

H. T. Kluge was dismissed from the county jail shortly before 5 o'clock Monday evening, following the dismissal of a habeas corpus proceeding before Judge James R. Harper, a charge of carrying a pistol filed in the county court, and Kluge's voluntary act in furnishing a peace bond in the sum of \$500.

He agreed, under the peace bond proceeding in justice E. B. McClintock's court, not to molest the mother or the child or attempt to take the child until a disposition is made of the little girl by Judge A. M. Walthall in the first district court, who issued a writ of injunction Sunday restraining him from attempting this.

Kluge gave his wife \$162.10, one-half of the money he had when arrested. There was never any formal complaint filed in the justice court charging him with kidnaping.

Owing to the fact that the child was his own, he could not have been found guilty of kidnaping and also owing to the fact that he was a traveler, he could not have been convicted of violating the law by carrying a pistol.

Dr. Thatcher Is a Benedict Now

Former City Bacteriologist Is Wedded to Miss Mabelle Post.

Dr. Frank Thatcher, former city bacteriologist, is a benedict. On Saturday evening last Justice E. B. McClintock officiating, Dr. Thatcher was married to Miss Mabelle Post, sister of Mrs. Frank Rich. After the wedding, they departed at once for Sierra Blanca, where the doctor is connected with the company that is manufacturing wax from the candleilla plant. This fall they will make a bridal tour to Scotland, the native home of the doctor.

Miss Post is a popular young girl of the city and has resided here for several years with her sister. Everybody knows the doctor. He has lived in El Paso for several years and was for a long time city bacteriologist, only resigning a couple of months ago.

Notice to Ladies. Phone Warren Refining Co. for gasoline, free delivery. We save you money.

Government Departments Observe Memorial Day

Tuesday being a legal holiday, the postoffice closed at noon for the remainder of the day, and the custom house was closed during the entire day. This was the only observance of the day to be noticed, aside from the informal decoration of the graves by the veterans.

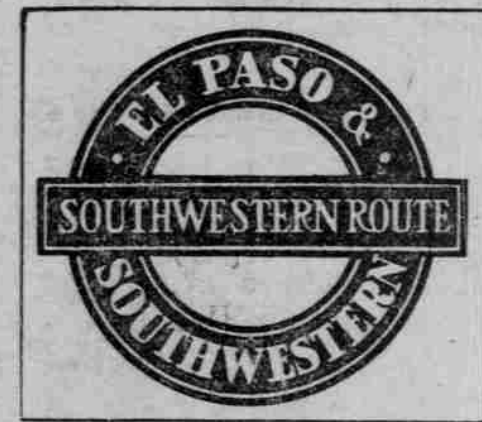

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

OPENING

Nineteen-Eleven

Cloudcroft Season Opens June 1st

Beginning June 1
Season tickets on sale daily
\$5.00
Weekend tickets, good from Saturday to Monday,
\$3.00

EXTRA PULLMANS FOR EAST ON SOUTHWESTERN AFTER JUNE 1
Extra Pullman cars will be put on the E. P. & S. W. trains for the east after June 1, on account of the great number of people going east on the summer excursions, which go into effect on that date. The Southwestern expects this to be one of the largest excursion seasons of many years.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by all dealers.
